

PROJECT NAME: Outward Bound Utah Veterans Program

RECIPIENT: Outward Bound Utah

LOCATION: Moab, Utah

PURPOSE: Using the outdoors as a classroom, Outward Bound inspires learning in remote wilderness areas, regional parks and preserves, and in historically and culturally significant places near urban centers. Funding would be used to provide services to members of the military at any of the three bases in the state of Utah, including Tooele Army Depot, Dugway Proving Ground, and Hill Air Force. Outward Bound provides programs to help soldiers deal with combat-related depression, suicide, drug and alcohol abuse, failed marriages and unemployment that can often follow periods of deployment. The funding would create three jobs in Utah and provide services for 100 veterans.

AMOUNT: \$300,000
